Mint of the United States at Philadelphia,

May 7, 1887.

Sir:

Referring to letter of Director touching the taking of special assay coins from three of the week's deliveries, I have the honor to say, that I had failed to notice the requirement of Section 9 Revised Regulations as respects the number of pieces to be taken, nor did I understand from a cursory reading of the section that a certificate must accompany the coin transmitted to the Director at the end of each month. Heretofore the number of pieces (not excessive) has been left discretionary with the Superintendent. Beginning on Monday 9th inst., the number of pieces required by Section 9 of Rev. Regulations will be taken and sealed up on three days of each week. I regret that the error should have occurred, and believe that it will not recur.

As respects the value of the pieces transmitted Apr. 30, ultimo, the accounts of this office are correct. There were
